

Parking at Dunedin Hospital

Dunedin Hospital, 201 Great King Street

Pick-up / drop-off zones are available **outside all hospital entrances** where vehicles may pull up and unload/pick up passengers close to the entry. Note these are P5 parking limits.

A drop off area is available on the upper concourse, access from Great King Street, by the 'Dunedin Hospital Public Entrance, Emergency' sign.

This is a drop off area only as parked cars create congestion and stop movement.

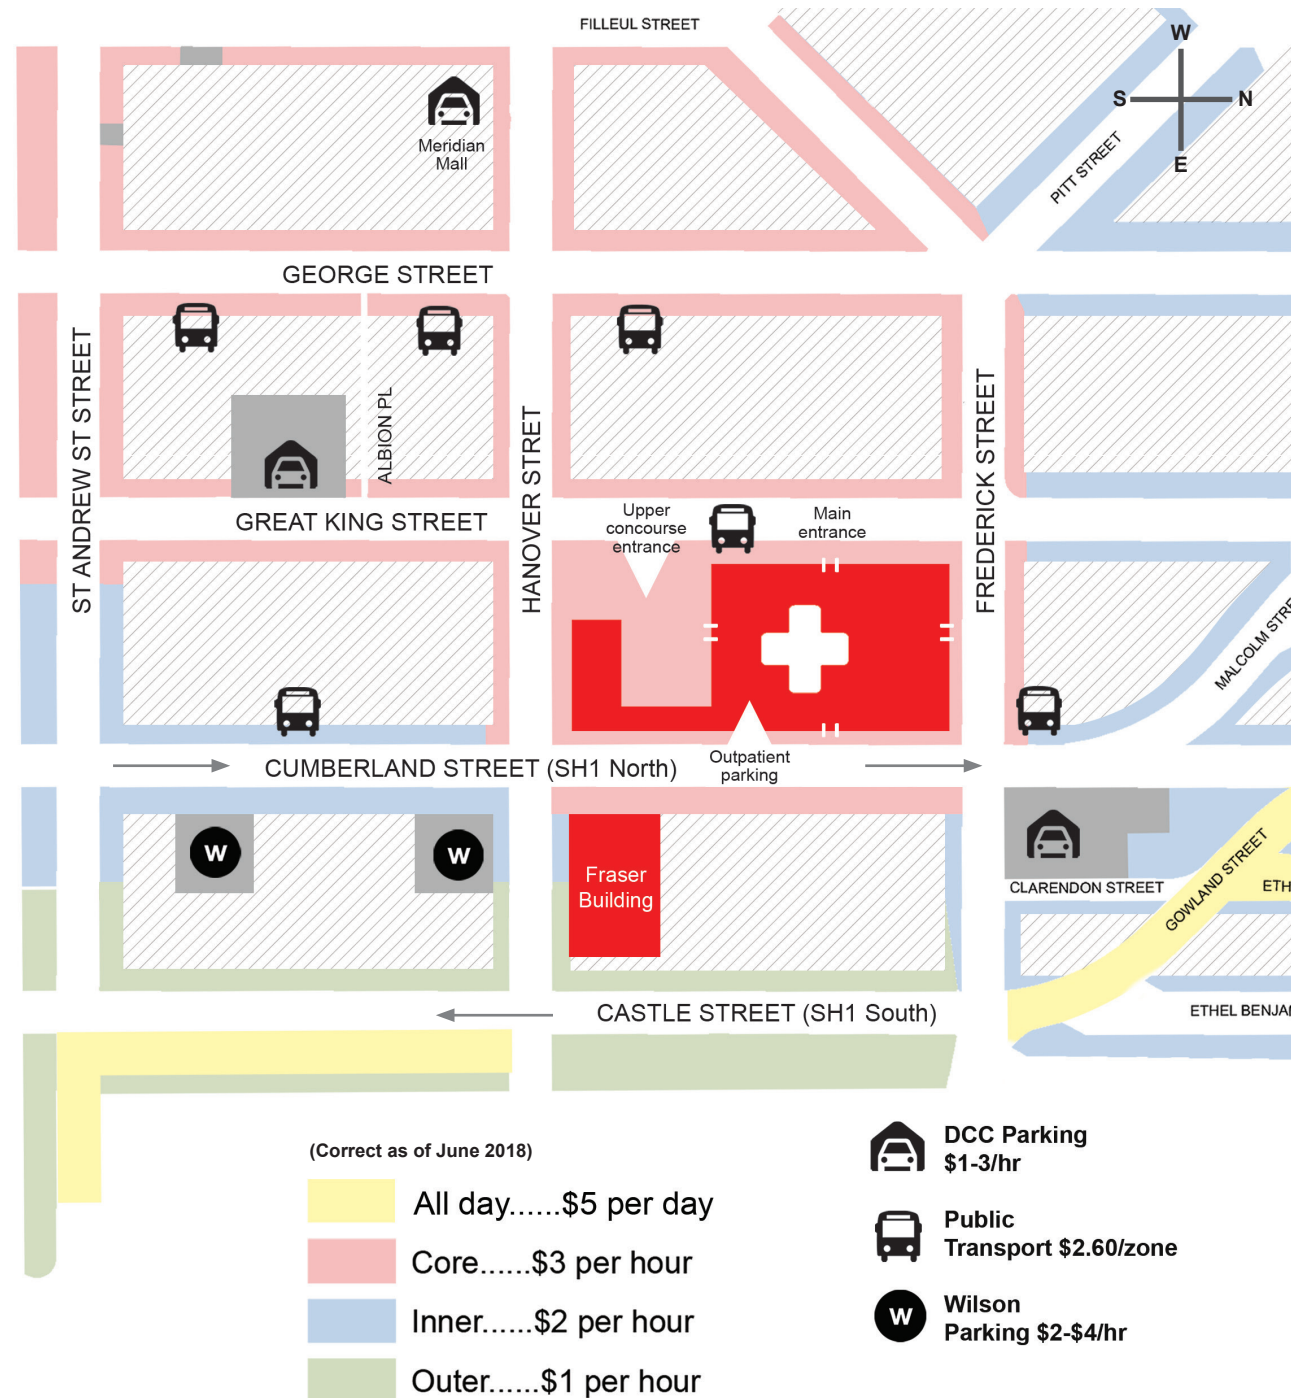

Disability car parks are available on the upper concourse and by the Hospital Entrances on Great King Street and Cumberland Street.

Limited outpatient parking (for appointments only) is available underneath the Oncology and Hospital buildings. Access from Cumberland St, on one-way heading North; leave appointment card on dash.

Metered parking is available in surrounding streets within walking distance. These range from 30 minutes to all day parking limits.

Long-term parking is not available at the hospital but in various car park sites nearby.

Bicycle stands are available by the Oncology Building on the upper concourse; access from Great King Street, by the Dunedin Hospital Public Entrance, Emergency sign.

Bus timetable: www.orc.govt.nz/public-transport
Cycle route: www.dunedin.govt.nz

Adhere to speed limit when on Southern DHB property.

The St John hospital hosts are available Monday-Friday 9:00am – 4:00pm to stay with a patient while a car is being parked.

Car parking is regularly monitored by Security. Please note that vehicles parked in unauthorised parks or in front of fire exits may be clamped or removed at the owner's expense.
