

Southern District Health Board - Otago Constituency

Electing 4 Board Members

Graham CLARKE

My principal place of residence is in the Southern District Health Board - Otago Constituency area.

I am an Otago local, having lived in South and now Central Otago all my life. I am passionate about our health and our region. I have a health coaching qualification and run a small disability

support team. My personal commitment to wellness, my past governance experience and my ability to think globally and apply locally will help the DHB with a new strategy.

We need a far bigger investment in prevention rather than cure. Preventing chronic disease through effective education, improved nutrition and primary health care starting at home will save us all millions - that can then be re-invested in the accessible acute care which our region deserves.

With so many challenges facing the SDHB, I have decided to stand just for the health of it. The DHB needs help and I am willing to give my best. Please get in touch with your suggestions: graham@help.kiwi.

Conflict of Interest Statement

To the best of my knowledge and belief, I have no conflicts of interest with the Southern District Health Board (SDHB) at the date of my notice of consent to being nominated as a candidate for membership of the board of the SDHB, and I do not believe that any such conflicts of interest are likely to arise in future.
