

Southern District Health Board - Otago Constituency

Electing 4 Board Members

Jason BAUCHOP

My principal place of residence is in the Southern District Health Board - Otago Constituency area.

I believe our health system is in crisis. After years without an elected board, now is the time for a new candidate with new ideas.

Board members need the time, commitment and knowledge of the health system to be effective. With 12 years of financial experience in health, (7 years at our DHB), I understand the challenges we are facing. I know the questions to ask and am not afraid to ask them.

I will strongly advocate that access to cancer treatments and mental health services be improved, waiting times for elective surgeries be reduced, and our health professionals be adequately resourced.

As a father of sons aged 13 and 3, I know the anguish when a family member requires serious medical treatment. Patients and their families deserve a health system that is there for them when they need it most.

It's time for a fresh perspective. Vote for Jason.

Conflict of Interest Statement

I am currently employed by the Southern District Health Board (SDHB) as a Systems Analyst. To the best of my knowledge and belief, I have no other conflicts of interest with the SDHB at the date of my notice of consent to being nominated as a candidate for membership of the board of the SDHB.

I do not believe that any conflicts of interest are likely to arise in the future, other than my intended continued employment by the SDHB.
