

## Southern District Health Board - Otago Constituency

### Electing 4 Board Members

---

---

#### **Peter RODWELL**

My principal place of residence is in the Southern District Health Board - Otago Constituency area.

Peter brings a strong rural health voice for the 40% rural population of the SDHB. He has a people, community, and quality focus. He supports the urgent need for change in health

care delivery, enjoying and encouraging team work to achieve the best outcome for all.

He is an Otago graduate, an experienced Emergency Medicine Specialist. He has proven leadership skills with training and experience in healthcare management and governance. Peter was the director of Middlemore emergency department for 16 years, and 14 years as a clinical leader at Oamaru hospital. He helped establish the Australasian College for Emergency Medicine, the NZ Rural Hospital Network, the Rural Health Alliance Aotearoa New Zealand, and served on each of their boards of governance.

Peter currently sits on several community focused boards and trusts.

With his wife they own and manage a small farm in North Otago and still works part time clinically.

#### *Conflict of Interest Statement*

I have the following current conflicts of interest with the Southern District Health Board (SDHB):

- (a) I am a fellow of the Australasian College for Emergency Medicine (ACEM) which although it holds no contracts with the SDHB the ACEM does accredit the SDHB Emergency Departments for training of Emergency Medicine Registrars.
- (b) I am a locum Emergency Medicine Specialist at Gore Health, a health service provider, which is funded in part by the SDHB.
- (c) My spouse (Mrs Bev Rodwell) is a board member and chair of the clinical governance committee for Presbyterian Support Otago which holds some contracts with the SDHB.

To the best of my knowledge and belief, I have no other conflicts of interest with the SDHB at the date of my notice of consent to being nominated as a candidate for membership of the board of the SDHB.

It is possible in the future that I may:

- (d) stand for appointment to the Waitaki District Health Services Ltd Board or
- (e) return to working as a specialist at Oamaru Hospital or
- (f) work as a locum for the Emergency Department at Dunedin Hospital.
