

Southern District Health Board - Southland Constituency

Electing 3 Board Members

Leanne SAMUEL

My principal place of residence is in the Southern District Health Board - Southland Constituency area.

A trusted, senior nurse and midwife with years of successful clinical, governance and operational leadership, within 4 large health and disability organisations. A passionate Southlander, straight-talking, with recent eye-opening experience at Wellingtons successful DHB!. Southlanders health is at risk, why travel to Dunedin? when the majority of services should be, safely provided here, with an innovative, well-resourced, qualified, local safely staffed and listened too workforce. SDHBs failed performance, must change!

A current Director, on 2 local health/disability services boards, who is determined to ensure and achieve best possible, community, health and disability services.

Trust me, I bring strong values, leadership commitment with clinical knowledge, experience, strategic governance, change and improvement expertise. We demand, equitable access to local quality, sustainable, well-funded services, and best health outcomes, that our families-whanau deserve.

Let's improve Southerners health and wellbeing now!

Leanne Samuel Qualified, Experienced, Ready to Serve-
Southern DHB, Vote 1 for Samuel.

Conflict of Interest Statement

I have the following current potential conflict of interests with the Southern District Health Board (SDHB):

- 1) I am the Area Manager for Southland IDEA services which provides services for people with intellectual disability. These contracts are funded in part by the MOH.
- 2) I am a Director on the Clutha Health First organisation which is funded in part by SDHB.
- 3) I am a Director on the Southland Pacific Island Cultural and Advisory Trust which is funded in part by SDHB.

To the best of my knowledge and belief, I have no other conflicts of interest with the SDHB at the date of processing the paperwork for nomination as a candidate for the SDHB board. I do not believe that any further conflicts of interest are likely to arise in the future, other than the continuation of the conflicts of interest stated above.
