# Proposal for the disposal of land at Dunstan Hospital, Mutton Town Road, Clyde

**Submissions Close: 5 pm, 19 August 2020**

## Background

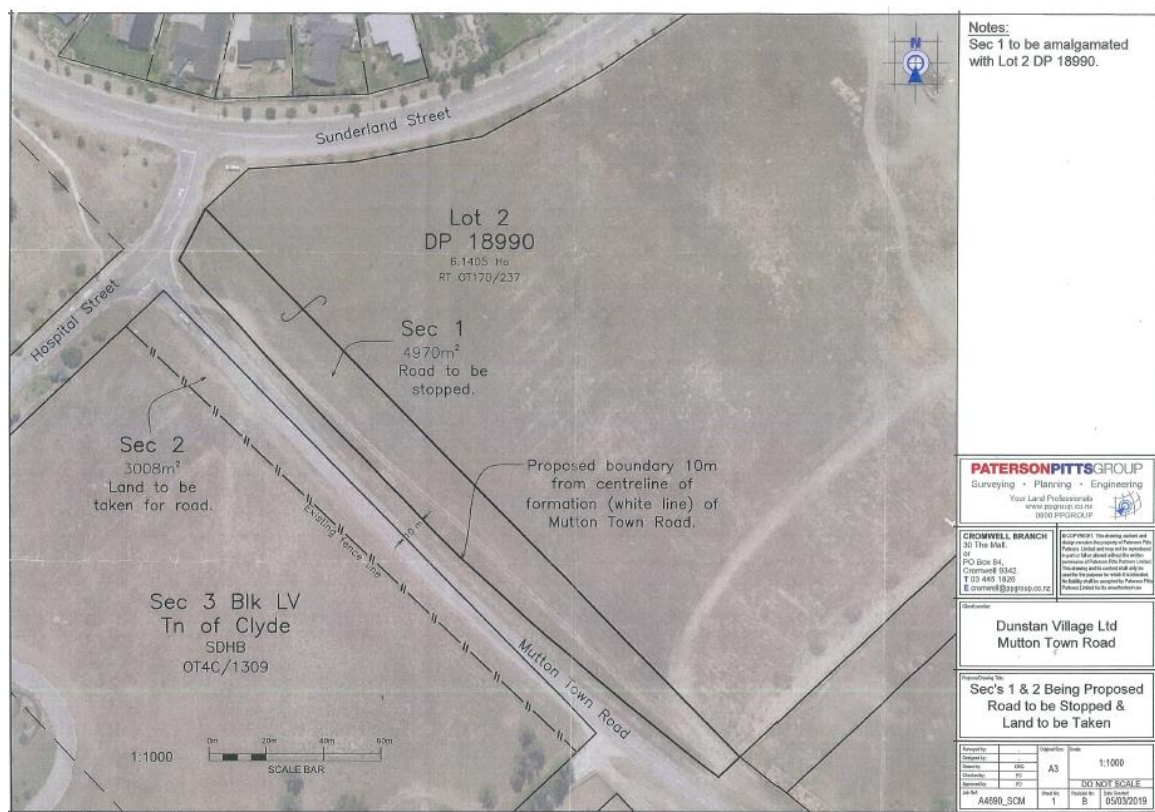

When sales of hospital land or buildings are proposed District Health Boards are required, under the New Zealand Public Health and Disability Act 2000, to obtain the Minister of Health's approval for the sale. Before approving any sale, the Minister must be satisfied that the District Health Board has taken into account the views of the resident population.

## Proposed disposal of Land

Southern District Health Board (*Southern DHB*) land totaling approximately 3008m<sup>2</sup> at Mutton Town Road, Clyde is proposed to be disposed to the Central Otago District Council (*Council*) under the Public Works Act 1981. The land is fenced out of hospital grounds next to Mutton Town Road and is needed by the Council to accommodate the road realignment of Mutton Town Road to correct historic construction errors of the existing road.

## Description of the Land

The Southern DHB land totaling approximately 3008m<sup>2</sup> is legally described as OT4C/1309, Section 3 and part Section 2 Block LV Town of Clyde.

## After Submissions Close

All responses will be collated and analysed. A summary of the submissions will be presented to Southern DHB's Board as part of the final proposal and recommendation.

The proposal, along with the summary of submissions received, will be presented to the Minister of Health for final approval before any disposal of land goes ahead.
