PURPOSE OF ROLE

The Unit Manager - Rehabilitation will lead and manage the assigned services, providing operational leadership and coordination, while ensuring efficient, effective and safe services within available resources. The teams work across inpatient and community rehabilitation services and allied health, administration and nursing professions are managed under this role. These allied health staff include occupational therapists, physiotherapists, social workers, clinical psychologists, neuropsychologists and rehabilitation assistants.

The UM- Rehabilitation is responsible for operational service delivery. This includes leadership & coordination, operational functions, quality and financial performance, human resource management, quality and risk management. The role also includes accreditation, clinical pathway development and other service delivery improvements within the services, in consultation with relevant Allied Health Scientific and Technical (AHS&T) Leaders.

The UM- Rehabilitation is responsible for developing and maintaining an effective and collaborative relationship with all staff but in particular with relevant AHS&T Professional Leaders and nursing and medical teams within the rehabilitation wards and community teams.

Working in partnership with Professional Leaders – AHS&T, clinical and other staff, the UM- Rehabilitation will contribute to strategic and operational management in a way that is consistent with Southern District Health Board's mission, values and the Southern Way.
