Our Vision

Better Health, Better Lives, Whānau Ora

We work in partnership with people and communities to achieve their optimum health and wellbeing
We seek excellence through a culture of learning, enquiry, service and caring

Our Shared Values and Behaviours

Kind <i>Manaakitanga</i>	Open <i>Pono</i>	Positive <i>Whaiwhakaaro</i>	Community <i>Whanaungatanga</i>
Looking after our people: We respect and support each other. Our hospitality and kindness foster better care.	Being sincere: We listen, hear and communicate openly and honestly. We treat people how they would like to be treated.	Best action: We are thoughtful, bring a positive attitude and are always looking to do things better.	As family: We are genuine, nurture and maintain relationships to promote and build on all the strengths in our community.

Our statutory purpose

To improve, promote and protect the health of our population

- Promote the integration of health services across primary and secondary care services
- Seek the optimum arrangement for the most effective and efficient delivery of health services
- Promote effective care or support for those in need of personal health or disability support services
- Promote the inclusion and participation in society and the independence of people with disabilities
- Reduce health disparities by improving health outcomes for Māori and other population groups
- Foster community participation in health improvement and in planning for the provision of and changes to the provision of services.
- Uphold the ethical and quality standards expected of use and to exhibit a sense of social and environmental responsibility.

PURPOSE OF ROLE
To support the development and use of outcome information by ensuring that all information collected is accurate and able to be used for the purposes it is collected.
To provide a training resource for staff on all matters associated with the collection and utilisation of data. To maintain a strategic overview of the data quality and provide timely reports on issues associated with any data integrity to the Leadership Team.
To support the clinical application of relevant data through translating information into clinical language therefore enabling teams to be well informed.
